

Meaningfully **empowering** **youths & women** – driving socioeconomic change.

NYFF Relevant Projects

IMPACT REPORT
2022-2024

Unleashing potentials.

We believe that every young person, especially women, carry within them an extraordinary capacity for transformation. Our mission is not just to train or educate, but to unlock the dormant potential that can reshape communities and drive sustainable socio-economic progress.

Executive Summary.

Thrivebridge Initiative for Social Development - RN 173943 (Thrivebridge Initiative), a youth-focused, women-owned non-profit empowers young people, particularly women, through strategic capacity development programs. Since its inception in 2022, we've impacted over 200 unemployed and underemployed graduates.

Directly empowered
young people

25

Social Enterprises
supported to launch

100⁺

Individuals trained
in tech skills

Breaking Barriers.

We recognize that true empowerment goes beyond skills training. It's about dismantling systemic barriers, challenging existing narratives, and creating ecosystems where innovation can flourish, particularly for those who have been historically marginalized.

Collective Elevation.

Development is not an individual journey, but a collective movement. When we invest in one woman, one young graduate, we are investing in entire families, communities, and ultimately, the future of our nation. Our work is about creating ripple effects of opportunity and hope.
